

## BLENDING LEARNING IMPLEMENTATION FRAMEWORK

STRATEGY	DESIGN	CURRICULUM & INSTRUCTION	SUPPORT	OPERATIONS
 BL Vision Alignment	 Culture of Innovation	 Curriculum Inventory	 Roles to Support BL Teachers	 Devices and Digital Tools
 BL Rollout Plan	 BL Instructional Models	 Online & Offline Curriculum Alignment	 BL Professional Learning Plan	 IT Support Plan
 Multi-Year Roadmap	 Students As Self-Directed Learners	 Digital Portfolio and Usage	 BL Resource Bank	 Infrastructure Upgrade Plan
 Initiative Alignment	 Schedule Aligned to BL Design	 Grading, Assessment, and Data Culture	 BL Coaching and Evaluation System	 3-5 Year Budget
 BL Expectations & Success Indicators	 Teacher Role in BL Instructional Model	 Strategy for Special Student Populations	 BL Communication Plan	 Workforce Plan
<b>DATA ANALYSIS TO MONITOR SUCCESS AND CONTINUALLY IMPROVE</b>				

## NEEDS ASSESSMENT: Identify district-wide and school-specific areas of strength and need for launching, scaling, and supporting BL

### STRATEGY

- BL Vision Alignment** - how does your purpose for BL align with your district vision and/or mission?
- BL Rollout Plan** - how do you plan to roll out BL across schools?
- BL Multi-Year Roadmap** - what are the key project milestones and goals across year 0, 1, 2, and 3?
- Initiative Alignment** - how does BL relate to other district initiatives?
- BL Expectations & Success Indicators** - what are the district expectations for BL? How will you measure the success of BL?

### DESIGN

- Culture of Innovation** - how can you develop and formalize a culture of innovation across the district?
- BL Instructional Models** - what will schools' blended learning instructional models look like? Will they share common design elements?
- Students As Self-Directed Learners** - how will you develop students as self-directed learners?
- Schedule Aligned to BL Design** - how much are you willing to change bell schedules or annual calendars to support BL?
- Teacher Role in BL Instructional Model** - what will teacher roles look like in your BL instructional models?

### CURRICULUM & INSTRUCTION

- Curriculum Inventory** - which curriculum, assessments, and digital tools are you committed to?
- Online & Offline Curriculum Alignment** - what is the purpose of and relationship between your curriculum resources?
- Digital Portfolio and Usage** - which digital tools are being used? For what purpose and how often?
- Grading, Assessment, and Data Culture** - which grading and assessment tools matter most to you? How is data used at schools and across the district?
- Strategy for Specific Student Populations** - how do you tier supports and instructional models for specific student populations (e.g. ELL, SPED, TAG, etc.)?

### SUPPORT

- Roles To Support BL Teachers** - what are the roles and responsibilities for supporting BL teachers?
- BL Professional Learning Plan** - what is the schedule and focus for professional learning for teachers, schools, and district-wide?
- BL Resource Bank** - what BL resources will you provide schools with and where will you store these resources?
- BL Coaching & Feedback System** - how will you modify your coaching and instructional feedback system to support BL?
- BL Communication Plan** - how will you regularly communicate about BL to stakeholder groups (community, school board, principals, teachers, students, families, etc.)?

### OPERATIONS

- Devices & Digital Tools** - what are the roles, protocols, and processes for purchasing devices and digital tools?
- IT Support Plan** - what is your plan for supporting schools with IT needs and tech troubleshooting?
- Infrastructure Upgrade Plan** - what is your plan for upgrading facilities, bandwidth, etc.?
- 3-5 Year Budget** - how will you budget for ongoing costs to support BL?
- Workforce Plan** - how will you recruit, hire, train, celebrate, and retain staff to support BL?

### DATA ANALYSIS:

Use formative data (observations, surveys, digital content usage, etc.) and student academic data to monitor success and continuously improve BL implementation
