PART 1B | June 5 @ 8am PT/11am ET

A note about equity:

We are broken-hearted and outraged by the murder of George Floyd and countless acts of violence against Black people past and present.

We cannot allow Black people in this country to be brutalized and killed.

We must dismantle the systems of inequity that perpetuate oppression and discrimination.

First, we will work on ourselves by redesigning the systems we created at Education Elements, while at the same time, committing to dismantle the inequitable systems in education that fail to meet the needs of all children.

We stand in solidarity with our teammates, partners, and friends fighting against systemic racism.
