

OUR VISION

One Community.
One commitment.
Every Learner.

OUR MISSION

Driven by a tradition of excellence,
LTISD inspires, engages, and empowers
all learners through dynamic,
rigorous and innovative experiences.

BY THE NUMBERS

- 10 Planning and Design Sessions
- 4 Community Summits
- 991 RSVPs, including 579 parents
- Over 500 comments collected and analyzed

PROCESS

Throughout the Spring and Summer of 2021, we engaged stakeholders across our district and organized their input into our strategic plan. Our steering committee and planning teams included Parents, Teachers, Administrators, District Leaders, Board Members, and Community Members. We engaged our stakeholders, analyzed community feedback, identified what our community values and wants from our school district, and planned strategic initiatives across each of these priorities. We are grateful for the Lake Travis ISD community and their invaluable input in guiding our future as a district.

ARE ONE COMMUNITY

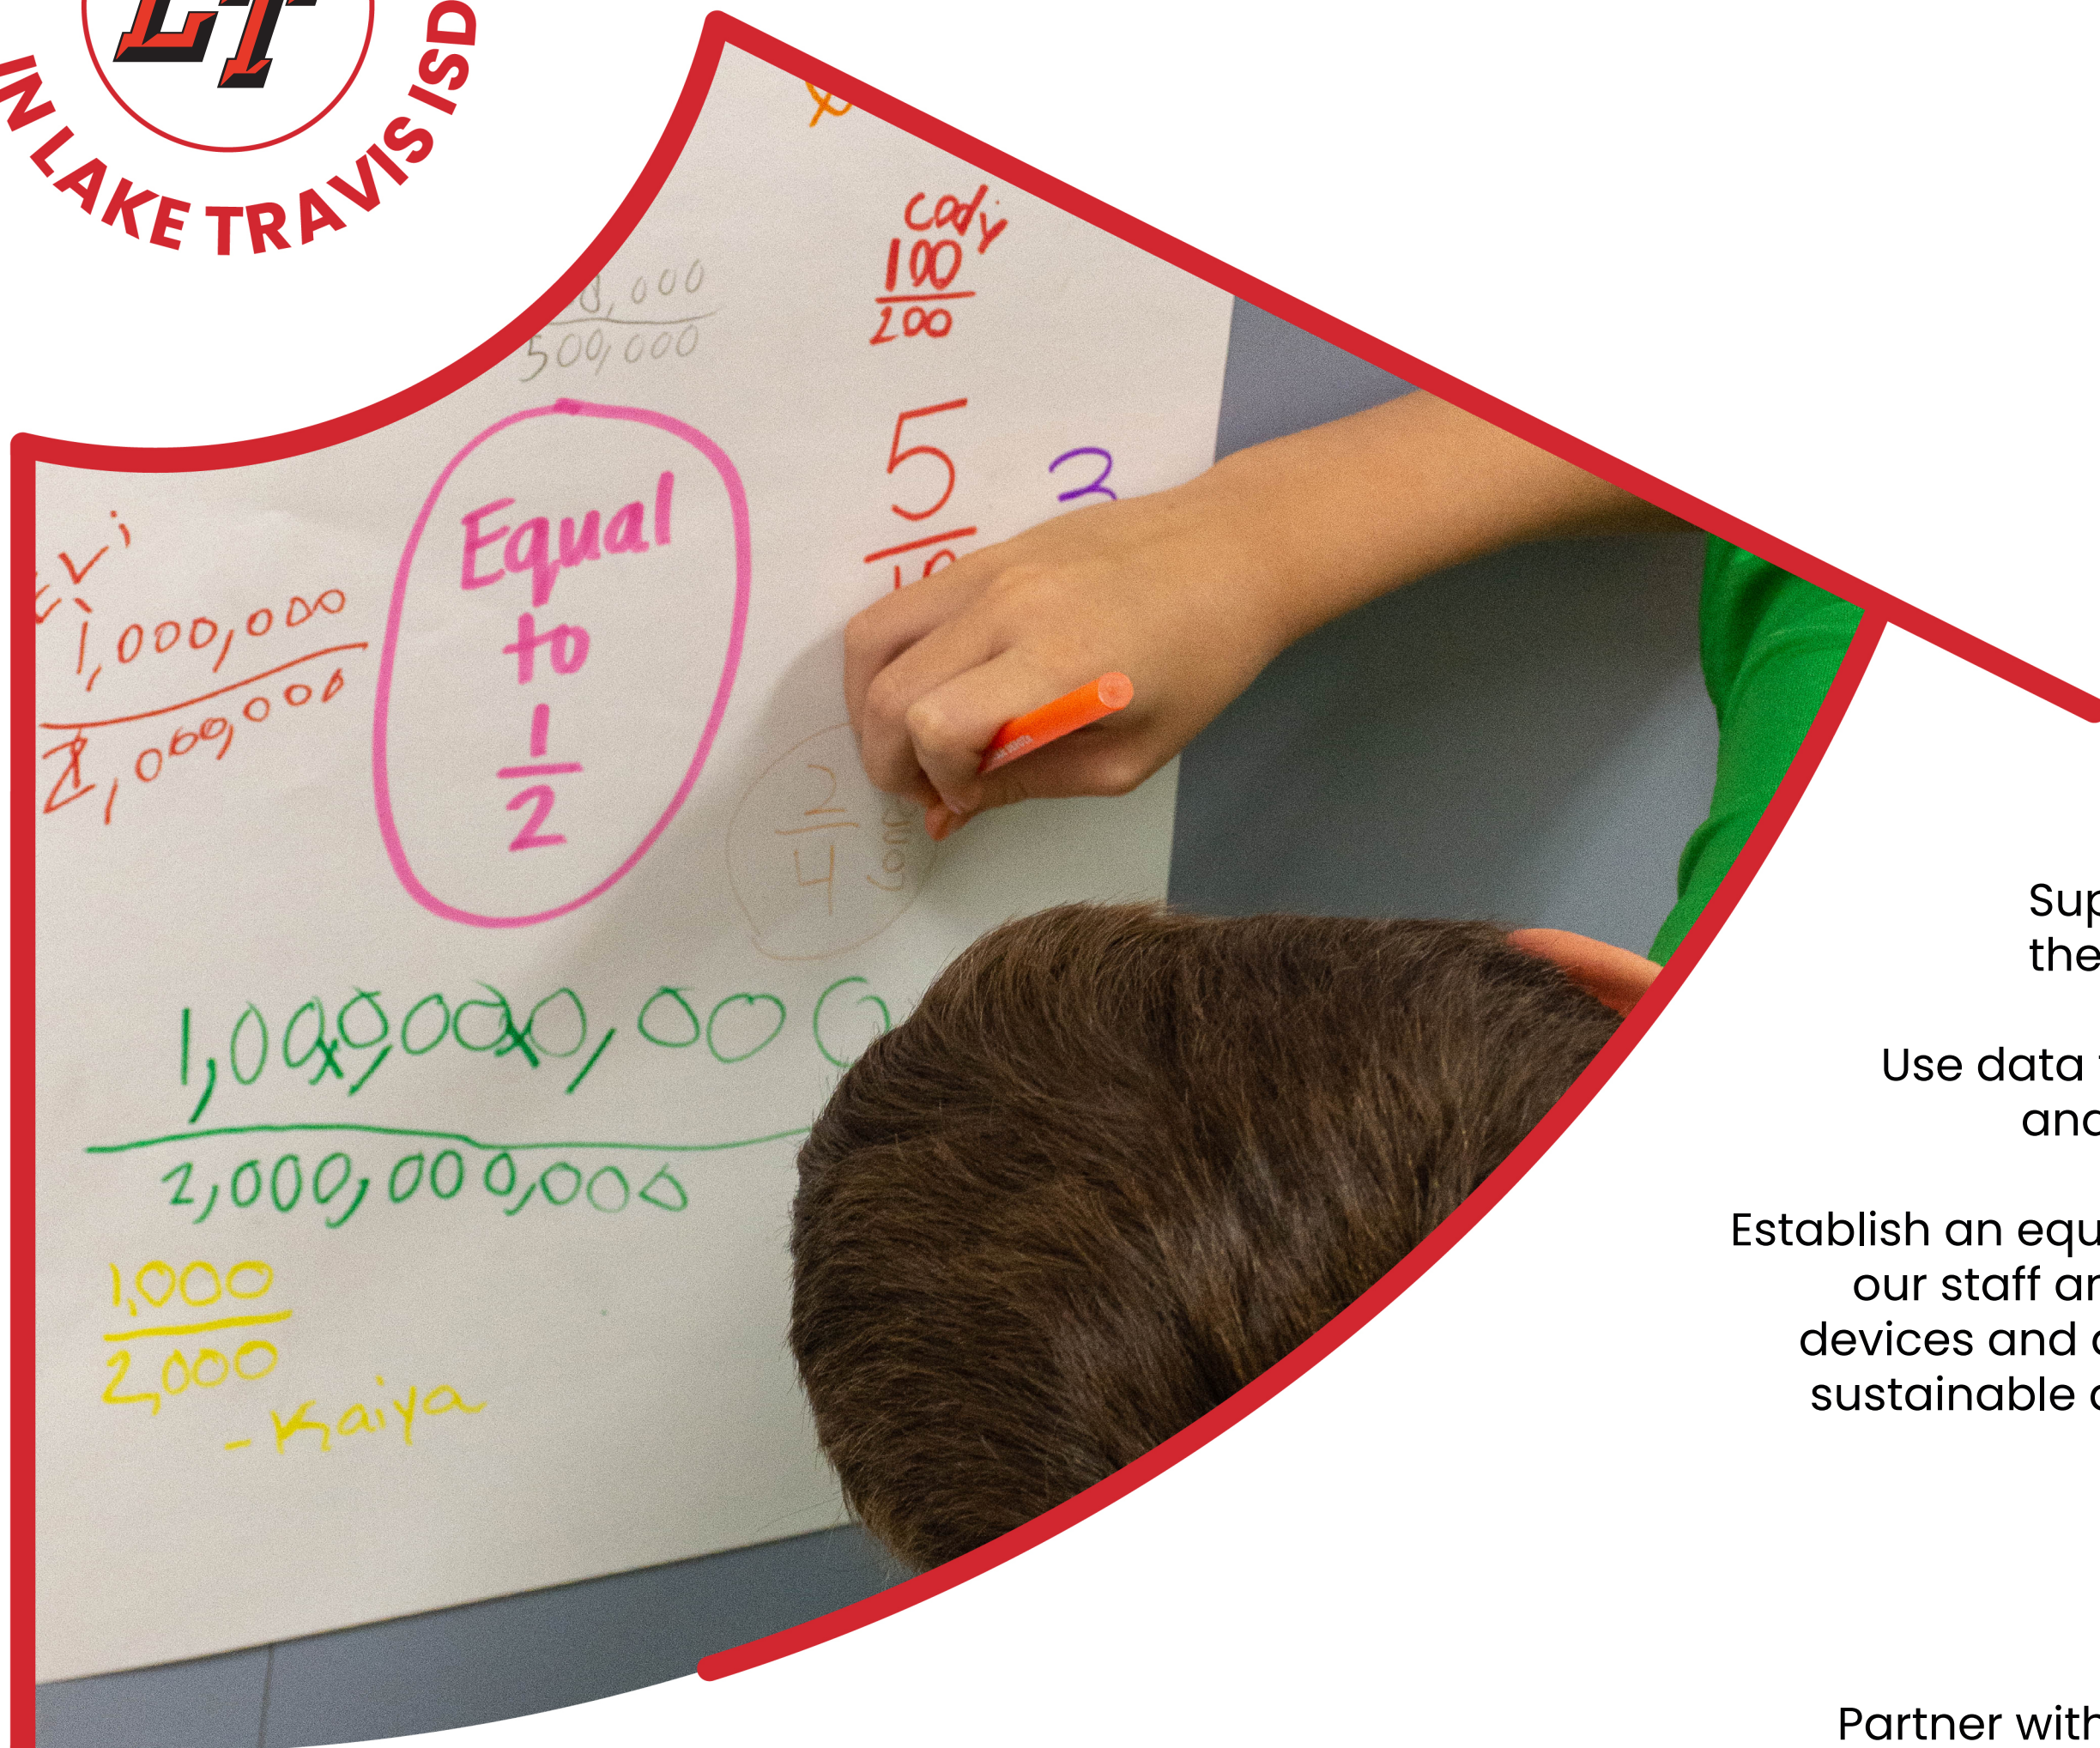

We Will..

- Bring the community together.
- Tell positive stories.
- Bring students together.
- Engage stakeholder groups who are harder to reach.

So That..

- The community is closely connected and proud of its schools, teachers, and staff. LTISD intentionally plans ways to come together.
- All families are valued, supported, and engaged with opportunities to respectfully provide input and contribute.
- A welcoming neighborhood feel is maintained throughout fast growth, embracing and celebrating diversity and different perspectives.
- Communication is transparent, consistent, two-way, and multilingual.

GROW & INNOVATE TOGETHER

We Will..

- Support our instructional staff to be the best they can be for our students and each other.
- Use data to make decisions, evaluate our progress, and continuously improve across the district.
- Establish an equitable 1:1 technology K-12 model to ensure our staff and students maintain access to electronic devices and an educational instructional model that is sustainable and innovative in any learning landscape.
- Involve all stakeholders in identifying and addressing needs for both new facilities and improvements to existing facilities.
- Partner with community members and organizations to support innovative programming and provide learning resources for all students.

So That..

- There is a constant drive to build off success, innovate, and continuously improve for the benefit of all learners.
- Facilities planning supports growth by considering stakeholder input.
- Finances and resources are managed to best support both educational needs and innovations with the support of our community.

EACH BELONG

We Will..

- Foster a community that values diversity, equity and inclusion of all community members.
- Connect community members and celebrate success at each campus.
- Provide students opportunities, resources and avenues to discover their interests and express themselves.

So That..

- All community members feel welcomed, respected, understood, and celebrated.
- All students feel a sense of connectedness to another community member and their campus.
- Students of all ages have opportunities to create and maintain positive relationships by exploring and discovering their interests through electives and extracurricular activities.

PROVIDE THE BEST IN CLASS EDUCATION

We Will..

- Conduct a curriculum audit and redesign process with an increased emphasis on workforce and college options for all students.
- Provide continued training and emphasis on a shared vision of a Lake Travis ISD graduate.
- Establish positive/supportive relationships with and demonstrate shared responsibility and commitment to all students.
- Hire highly qualified staff and provide comprehensive staff support systems and professional development.

So That..

- Students are prepared for life, equipped to be critical thinkers and global citizens.
- Students succeed in the postsecondary path they choose.
- So that no child "slips through the cracks" because we know every student by name and need.
- High quality and diverse group of educators are recruited, developed, cared for, celebrated, and retained.

PRIORITIZE WELLNESS

We Will..

- Train and support staff to support the emotional and wellness needs of students.
- Make school a great place to be and a safe and welcoming environment for all students and staff.
- Promote counseling services and resources available for families.

So That..

- Staff members use trauma-informed practices and social emotional tools to support the wellness and mental health needs of all students.
- Social, emotional, and physical well being of students and staff members are recognized and prioritized.
- Lake Travis ISD community health and wellness needs will be supported with resources and educational opportunities.
